The United States Pony Clubs, Inc. (Pony Club) is one of the leading junior equestrian organizations in the world, represented throughout 30 countries! The United States has over 600 individual clubs and centers spread throughout 48 states and the Virgin Islands, with more than 11,000 members. Pony Club was founded in 1954 by a group of enthusiastic foxhunters who recognized the need for an organization that could provide sound instruction for all interested youngsters, particularly those who otherwise could not afford expensive .

Pony Club's objective is not only to provide every child with a "backyard" horse or pony the opportunity to develop their riding and horse management skills, but also to instill in them a love and ability to care for horses throughout their adult lives. To meet this objective, Pony Club had developed a rating system which tests the knowledge and skills of these youngsters as they progress upwards to the organization's age limit of 25.

Many of the thousands of volunteers and instructors involved at both the local and national level are former Pony Clubbers themselves. They are only too pleased to pass on their knowledge to younger members and, in doing so, feel they are paying back, in some small way, all that Pony Club has given them.
